

ABOUT US

Auowell Technology Information Co., Ltd.

Auowell is a global supplier of industrial automation and control equipment, trusted by manufacturers, engineering companies, and distributors worldwide.

We provide a wide range of automation products, including but not limited to:

PLC (Programmable Logic Controllers)

Servo Motors & Servo Drives

Human-Machine Interfaces (HMI)

Variable Frequency Drives (VFD / Inverters)

Encoders, Relays, Cables, and other industrial components

Our product portfolio covers leading brands such as **Allen-Bradley, Siemens, Schneider, Mitsubishi, Omron, Delta, and more.**

If the item you are looking for is not listed in our catalog, please contact our sales team directly – we can source it quickly for you.

Why choose Auowell?

- 🌐 Global Fast Delivery - Reliable logistics to ensure timely and safe shipment.
- 💳 Flexible Payment Options - Multiple secure payment methods to suit your needs.
- ⚡ One-Stop Sourcing - From common parts to hard-to-find models, we've got you covered.
- 🤝 Professional Support - Experienced sales and technical team ready to assist.

Our mission is simple: to help customers reduce downtime, lower sourcing costs, and keep their operations running efficiently and reliably.
